Reasons For Allowance

In accordance with the decision of Board of Patent Appeals and Interferences mailed November 10, 2003, claims 21-30 are allowed. See MPEP §1214.06.

The terminal disclaimer filed on May 3, 2004, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of the copending Application No. 09/547,802 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Therefore, the obviousness-type double patenting rejection of Claims 21-33 as being unpatentable over the copending Application No. 09/547,802, of record affirmed by the Board November 10, 2003 is overcome. Therefore, this obviousness-type double patenting rejection is withdrawn.

Applicant's amendment submitted May 3, 2004 which cancels claims 31-32, the non-elected invention, and claim 33, has been considered and is sufficient to remove the rejection of claim 33 made under 35 U.S.C. 112, second paragraph, of record affirmed by the Board November 10, 2003. Therefore, this rejection is withdrawn.

Accordingly, the application is deemed in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
